

18 November 1981

MEMORANDUM FOR THE RECORD

SUBJECT: CIA/OPM Interchange Program

1. Laura Gilmore/OPM has advised that the EO on the Interchange Program is with their Policy Office and should go to Director/OPM for approval within approximately two weeks. She will keep us advised.

2. Procedurally, the next step after OPM approval, is that the proposed EO will be forwarded to OMB for review. OMB will determine whether further interagency coordination is required. This will probably take another 60/90 days or so. The proposed EO will not be published in the Federal Register for comments, but may be published there, following approval and signature by the President.
